SPECIAL NEEDS INCLUSION PLAY

Tel: 07703068189 OR 07581075116

UK KIDZ values all children. All children are individuals and have differences: Some children have special requirements. To meet the variety of need, UKKIDZ will work consultatively with Sheffield City Council's SNIPS to ensure a robust service:

UK KIDZ's SNIPS has a team of staff who can help children with additional needs (aged 5 - 18 years) access out of school activities such as play-schemes, after school clubs, youth clubs and leisure activities. UK KIDZ aims to draw from staff/volunteer and Local council SNIPS to resource the provision.

RESPITE: The service provides the opportunity for parents/carers to take short breaks from caring whilst knowing that their child will be cared for in a safe, good quality play environment. UK KIDZ invites parents/carers or their representatives to be present to take part in any activity/provision for the children. UK KIDZ aims to draw from Sheffield City Council's SNIPS' support delivery of a range of training courses and workshops and provide mentoring support to help services include children and young people with additional needs. Clubs and individuals completing the training receive a training icon that will be displayed on the families notice board or in their reception area.

WHAT:

-The child wants: Children usually know what they want to do, e.g. some children will insist on a backing session or swimming etc.: Therefore, we try our best to ensure inclusion. We will work with carers to assess what they want and provide a service to the best of our ability

-The Parent/Carer wants: It is not unusual that parents/carers have low or high expectations of providers of services, or even of their child. Many times parents try to force their children to do what may be hard or impossible for some children to do, other parents restrict a child and do not allow exploration: Therefore, we try our best to ensure inclusion. We will work with carers to assess what they want and provide a service to the best of our ability

- UK KIDZ can provide: UK KIDZ aims to work with all members of the community to provide its SNIP service; we work within our confines of resources: No one can do everything. However we try our best to ensure inclusion. We will work with carers to assess what they want and provide a service to the best of our ability.

COST: UK KIDZ can receive: Direct Payments. Fees are according to need: Contact Karen to discuss services needed.

UK KIDZ (SNIPS): ENCOURAGES PARTICIPATION, THE PROVISION IS ABOUT INCLUSION. LET YOUR CHILD COME WITH THEIR TOYS OR PLAY ITEMS, WE ENCOURAGE WALKS, BOUNCE CASTLES AND OTHER ACTIVITY.
